Discover <i>Help audiences find founders.</i>	Feel <i>Create emotional connection.</i>	Trust <i>Strengthen TLT's credibility.</i>	Act <i>Encourage applications, sharing, or support.</i>
---	--	--	---

Content that does none of these should not be published.

Every high-performing asset should contain:

Pattern Interrupt	A surprising statement or question.
Emotion	A relatable human moment.
Curiosity	Encourage viewers to stay.
Story	Provide context.
Action	Tell the audience exactly what to do next.

14. Founder Showcase Framework

Each founder feature should include:

- ◆ Introduction
- ◆ Origin story
- ◆ Challenge overcome
- ◆ Business purpose
- ◆ Vision for the future
- ◆ How the audience can support

The founder should speak more than the brand.

15. Live Session Framework

A recommended structure:

1. Welcome
2. Founder introduction
3. The beginning of the journey
4. Biggest challenge
5. Biggest lesson
6. Audience Q&A
7. Business showcase
8. Closing message
9. Call to support the founder
10. Invitation to apply to Naari Led Vyapaar

The live should feel like a conversation, not an interview.

16. Community Warm-Up

While founders wait for features:

- ◆ Introduce themselves
- ◆ Share one lesson from entrepreneurship
- ◆ Celebrate another founder
- ◆ Recommend a local women-led business
- ◆ Share one challenge they want help with

This creates interaction before formal community programming begins.

17. Spotlight Winner Framework

Evaluation criteria:

- ◆ Authenticity of story
- ◆ Business uniqueness
- ◆ Social impact
- ◆ Founder resilience
- ◆ Community engagement
- ◆ Alignment with campaign values

The winner is selected by the TLT team.

The objective is to reward meaningful impact, not popularity.

18. Paid Marketing Strategy

Budget	₹3,000–₹5,000
Primary Objective	Founder applications
Geographic Focus	India (expand internationally in future editions)
Success Measure	Cost per founder application

Target Audience

- Women entrepreneurs

- ◆ Review applications
- ◆ Respond to founders
- ◆ Update founder tracker
- ◆ Moderate WhatsApp group
- ◆ Repost founder content
- ◆ Engage with comments
- ◆ Review analytics
- ◆ Check ad performance
- ◆ Plan next day's execution

Consistency behind the scenes creates confidence on the front end.

20. Analytics & Reporting

- Reach
- Saves
- Shares
- Profile visits
- Link clicks
- Story replies
- Live viewers
- WhatsApp joins
- Founder engagement

Create a final impact report at campaign close.

21. Crisis Management

Potential Issues

- Live cancellation
- Technical failures
- Miscommunication
- Low participation

Response Principles

- ◆ Respond quickly
- ◆ Communicate honestly
- ◆ Protect founder dignity
- ◆ Avoid public conflict
- ◆ Prioritise trust over optics

22. Campaign Closing

The conclusion should celebrate everyone, not only the Spotlight Winner.

Closing activities:

- ◆ Thank-you post
- ◆ Campaign recap
- ◆ Founder appreciation montage
- ◆ Impact statistics
- ◆ Testimonials
- ◆ Spotlight Winner announcement
- ◆ Invitation to join Phase II – Connect

Participants should leave feeling part of something larger than a campaign.

23. Transition to Phase II – Connect

The final communication should make one thing clear:

The campaign is ending. The community is beginning.

Invite founders to remain active, collaborate, mentor, and contribute.

Phase I Success	Phase II Success
<i>Measured by visibility.</i>	<i>Measured by relationships.</i>

24. Internal Reminder & Final Operating Principle

Internal Reminder

Every marketing decision should answer three questions:

- ◆ Does this help a founder feel seen?
- ◆ Does this strengthen trust in The Legit Talks?
- ◆ Does this move someone to discover, connect, or rise?

If the answer is yes, it belongs in Naari Led Vyapaar.

Final Operating Principle

***Naari Led Vyapaar is not content that happens to feature founders.
It is founder stories that happen to be distributed through content.***
That distinction should guide every creative, marketing, and operational decision.

Discover. Connect. Rise.
